

Trash Handling Advisory

This is our home. Let's work to keep Hayfield View beautiful.

- Trash is picked up on Tuesdays and Fridays, generally early in the morning. Recycling is picked up on Wednesdays.
- Always use trash bins or heavy-duty trash bags. Offer to share a bin with your neighbor if you have room or ask to use theirs if you cannot use a bin yourself.
- Place trash bins in front of your home for pickup the evening before trash service days. Keep trash bins and bags behind your home in between service days. Promptly return bins after pickup. Do not leave bags out in between service days.
- Wild animals have learned to scavenge any trash bag left out. Pick up ripped bags and trash promptly. Trash haulers will not pick up ripped bags.
